EGF works directly with students and administrators to build esports programs on campuses, modeled to function like athletics programs.

COMPETITION

EGF organizes and oversees the esports leagues that those programs compete in, similar to traditional sports leagues.

MEDIA

EGF produces live broadcasts of all our matches, and creates original content.

# MAIN HEADING

EGF is built by gamers for gamers, and advised by industry experts in both traditional and electronic sports. Our collective backgrounds in esports, higher education, production, and operations combine to build our vision for collegiate esports, while balancing the needs of colleges, their students, and esports culture.

We started EGF because we love gaming, we love gamers, and we wanted to make a difference. If you believe in what we’re doing, consider joining our team full-time or as part of our community as we strive to do just that.
